Body Wrapping

Weight loss, exercise and cellulite control has always been a major problem. The body wrap is an advanced development that works on shrinking the adipose tissue of fat called Cellulite, which is found directly below the surface of the skin. Body wrapping eliminates toxins and impurities that have built up in the body and helps to rid the body of cellulite. Body wrapping helps smooth, tighten, and soften your skin. **One Session \$125.00**

6 Sessions \$480.00 8 Sessions \$590.00
